MPLAB AI Coding Assistant

The screenshot shows the MPLAB IDE interface with several components highlighted and labeled:

- Navigation (Activity + Side Bars):** Points to the left sidebar containing the MPLAB logo, TOOLS, and PROJECTS sections.
- Command Palette:** Points to the top bar area where the command palette is located.
- Editors:** Points to the top bar area where the editors are located.
- MPLAB AI Coding Assistant:** Points to the right sidebar area where the AI assistant is located.
- Open MPLAB Tools:** Points to the MPLAB logo in the left sidebar.
- Hover to show command icons:** Points to the command icons in the TOOLS section.
- Type '> MPLAB ...' to view all commands:** Points to the command palette search bar.
- Output / Logs / Terminal:** Points to the bottom bar area where the output, logs, and terminal are located.

The interface includes a menu bar (File, Edit, Selection, View, Go, Run, ...), a toolbar, and a main workspace area. The TOOLS section lists various tools and their details, including the PIC32CM MC00 Curiosity board. The PROJECTS section shows the current project configuration, including the device (PIC32CM1216MC00032), output path, and toolchain (xc32@4.60).

Output / Logs / Terminal
