Xplained Window Make and Program Device Main Project System Module x Interrupt Module x PWM11

System Module

Easy Setup Registers

▼ INTERNAL OSCILLATOR

Current System clock 32 MHz (4x PLL)

Oscillator Select INTOSC oscillator: I/O function on CLKIN pin

System Clock Select FOSC

Internal Clock 8MHz_HF → PLL Capable Frequency

External Clock 1 MHz

PLL Enabled Software PLL Enabled

Output x Notifications [MCC] Pin Manager: Grid View
